

free training

for asylum seekers and refugees interested in working as a mobile IT consultant

who is it for?

- Are you an asylum seeker or refugee with a background in IT and with intermediate English or above?
- Are you currently volunteering or interested in volunteering opportunities to support IT in a charity or community organisation?

come and find out more ...

on 16th or 25th October at our **OPEN DAY!!!**

At Lasa, central London; a Voluntary organisation that specialises in IT. You must book a place!

Lunch will be provided and travel expenses will be paid.

what will you get on the course?

This course will help you to:

- Update your IT consultancy skills to provide professional IT expertise to community organisations
- Develop your communication and IT consultancy skills for possible future paid work
- Identify volunteering and employment opportunities as an IT Consultant (Circuit Rider)
- Learn to carry out IT health checks and data safety checks for community organisations

Please phone 020 7426 4497 and ask for Jacky Moran to book a place for this event or send an email to jmoran@lasa.org.uk

*Women who are currently under-represented in the IT sector are particularly welcome.
Travel expenses and childcare may be available subject to meeting the programme's eligibility criteria.*
